
NEW CLIENT/PATIENT QUESTIONNAIRE

Dear Client/Patient,

Our ability to draw effective conclusions about your present state of health and how to improve it depends to a significant extent on your ability to respond thoughtfully and accurately to these written questionnaires. The doctor is the only person who will review these forms and your confidentiality will be strictly maintained. Your careful consideration of each of the following questions will enhance the doctor's efficiency and will provide for more effective use of your scheduled consultation time. If you come across questions you don't know the answers to, simply leave these blank and proceed from there. Thank you for your time in advance and we look forward to working together to achieve your health goals.

Nutritional Informed Consent

According to the Federal Food, Drug, and Cosmetic Act, as amended, Section 201 (g) (1), the term “DRUG” is defined to mean: *“Articles intended for use in the Diagnosis, Cure, Mitigation, Treatment or Prevention of disease.”*

A vitamin is not a drug, NEITHER is a Mineral, Trace Element, Amino Acid, Herb, or Homeopathic Remedy.

Although a Vitamin, a Mineral, Trace Element, Amino Acid, Herb or Homeopathic Remedy may have an effect on any disease process or symptoms, this does not mean that it can be misrepresented, or be classified as a drug by anyone.

Therefore, please be advised that any suggested nutritional advice or dietary advice is not intended as a primary treatment and/or therapy for any disease or particular bodily symptom.

Nutritional counseling, vitamin recommendations, nutritional advice, and the adjunctive schedule of nutrition is provided solely to upgrade the quality of foods in the patient's diet in order to supply good nutrition supporting the physiological and biochemical processes of the human body.

I have read and understand the above:
